

Every Daily Reader group
AGENDA for Group Conscience meeting
March 5, 2026

Old Business

1. Website transition update: a brief report from Gordy from the Website Committee to outline the current state of the migration and any remaining tasks (including service roles and documentation on the site).
2. Financial Committee report: Debbie will share an update on the bank account and any pending financial actions.
3. Timer clarification: the group will decide whether to adopt both visual and verbal timing and whether to add Timer as an official service position on the EDR website.
4. Posting the traditional Alanon closing: the group will decide whether the traditional closing should be posted at the end of the after-meeting.

New Business

1. AI Note Takers and Anonymity: the group will review concerns about AI bots entering meetings and decide whether to adopt a formal policy, including a possible Motion to prohibit AI bots and ask members not to enable AI note takers.
2. Use of the “Qualifier”: (the Chair will address this informally not for group discussion)
Address the concern raised after a newcomer was corrected for using the word “qualifier”. Reminder we do not ban specific words but focus on speaking from personal experience and offering newcomers grace and support.
3. Newcomer Welcome Script Posted to Chat: the group will consider whether to post the newcomer welcome script in the Chat at the end of the meeting.
