Chair report:

- Summer survey is closed, we are looking at the report and will share
- Thursday service hangout is still happening, no leader, it has been mostly a question and answer session.

- The meeting is growing, so we have a need for an alternate group rep. Please contact Eli and go see a meeting if you are interested.
- Kathy has taken on the two year commitment for group rep, Kathy will be serving through 12/31/27 and Alexis is rotating off 12/31/26. We will need a new group conscience chair 1/1/27.

Phone list report:

Phone list is updated, columns removed as discussed last session. Phone list coordinator sent it out via email. Has been checking email daily. Considering confirming people want to be on list quarterly - more to come on this.

Old Business

Chat host script: ownership and update process

Going to discontinue the chat captain role, as it is a bear.
Putting the script into a google drive.
Suggest a sub list - people couldn't make it, had to do a lot of 1-1
Who is the zoom account holder? Wouldn't you prefer the title of zoom account administrator?
Do we use a google doc/live doc? To address members
Proposal to give editing rights to the chat script to: GC Chair, GC Sec, Treasurer, Zoom Account Holder / Administrator, GR, Phone List Coordinator, Sponsorship liaison
This has consensus and we will move forward.

Service coordinator and service structure

The group has continued to experience recurring questions and challenges regarding service roles, service coordination, transitions, orientation, and how service responsibilities are organized. The group now needs to determine the most helpful next step.
Option A — Fill the Service Coordinator Position
Discuss whether the group should actively seek a new Service Coordinator and clarify:
Purpose and responsibilities of the position.
Length and rotation of the commitment.
Relationship to Group Conscience and other service roles.
Support and orientation for the person taking the position.

Option B — Form a Service Structure Thought Force
Get information about people's thoughts, what is needed for

Where would someone go to find this information? Would a more experienced person head up this group and direct it?
A member notes that it sounds that people need structure and would be happy to step up
Another member is volunteering
A member notes that last time there was a workshop before a turnover. Is that someone that could happen again?
A member is concerned about getting us ready for October.
Three members are volunteering for the thought force.

Closing

Close with serenity prayer.
